chapter news and events at:
Fsmaonline.org**

**Please keep checking the FSMA web site
for chapter events. Fsmaonline.org go to
chapter sections and click on Southwest.**

Speaker of the day will be Terry Salz from
International Medical Billing.

Are we ever ready for more updates? Seems as
we get used to the new ones it is time for more
changes to come we don't understand. By
attending the seminar you will get the most up to
date changes whether you are on an EHR or not.
What happens and who is exempt from the EHR?
Does it really make your life easier?

What role does the CMA have in the changes from
documentation, coding, billing and meaningful
use? If the physician is not compliant with the
changes what can the CMA expect in regards to
job security?

How will the Affordable Care Act affect patient
care and the ability to take care of them properly?
What does it mean for your job? What about
health insurance you once had, will you still have it
or will you be forced to buy into the government
plan.

Documentation is going to be the most important
whether you are still paper or EHR. There will be
more documentation needed by the medial
assistant and how can we teach our physicians to
document to match the new codes.

With many on EHR our your patients records
protected. Updates and training will be needed for
the office staff and the doctor. With new
technology and the use of I-pads and I phones hoe
do you protect your patient info when the doctor
leaves his phone at the nursing station? Pass
words should never be shared. What should you
allow or not allow your staff to do on the work
computer.

Name: _____

Address: _____

City: _____

State: _____ ZIP: _____

PLEASE JOIN US FOR AN EXCITING SEMINAR

The objectives of this seminar is to provide key points of education allowing the Medical Assistant, Health Professionals and other office/clinical personnel to become more knowledgeable in order to provide better patient care.

This seminar is open to anyone interested in updating their education or in the topics to be discussed.

Six hours of Continuing Education units are pending approval by the American Association of Medical Assistants (AAMA). Certificates of attendance are given to all attendees.
